Community Profile

Your Health.

OUR PURPOSE.

System at a Glance

Our regional multi-facility system has earned a national reputation for excellence in providing quality services to residents of the Rio Grande Valley.

South Texas Health System McAllen delivers advanced care with a Level I Trauma Center, Comprehensive Stroke Center, Level III NICU and recognized services in neuroendovascular care, breast imaging and interventional radiology.

South Texas Health System Heart combines technology with quality care, offering four catheterization labs, including a hybrid OR, and procedures like TAVR and CardioMEMS™. With robotic-assisted surgeries, 3D imaging and the region's first Intensive Cardiac Rehab program, the facility is a leader in cardiology care.

South Texas Health System Edinburg is a Level IV Trauma Center, accredited Chest Pain Center and certified stroke center. With its Maternity Center, imaging services, robotic surgery and specialized wound and sleep care, it helps meet the community's growing healthcare needs.

South Texas Health System Children's is the Valley's first pediatric facility, including the first Pediatric Emergency Department and the region's largest Pediatric Intensive Care Unit. With certified asthma care, pediatric subspecialists and family-friendly amenities like a Ronald McDonald House suite and playrooms, it provides compassionate care for children.

South Texas Health System Behavioral provides quality services for children, teens and adults, offering personalized treatment for behavioral health and addiction issues. Programs available include chemical dependency care, outpatient services and community outreach events.

South Texas Health System's FEDs are open 24 hours per day, 365 days per year, unlike most urgent care centers that are open just eight to 16 hours per day. All are staffed with medical personnel and equipped with diagnostic technology similar to that available in South Texas Health System's larger facility ERs.

South Texas Health System Clinics offer comprehensive care, including family medicine, health screenings and specialized services like cardiology, gastroenterology and orthopedics.

Awards & Accreditations

South Texas Health System & Its Leadership

All South Texas Health System facilities are accredited by The Joint Commission, the highest healthcare standards-setting organization in the nation, and licensed by the State of Texas.

South Texas Health System has been named a Best Regional Hospital in McAllen Metro by *U.S. News & World Report* for three years in a row. It is rated High Performing in seven adult procedures and conditions. The evaluation includes data from South Texas Health System Edinburg, South Texas Health System McAllen and South Texas Health System Heart.

Trauma & Critical Care Institute

South Texas Health System McAllen is designated a Level I Trauma Center by the Texas Department of State Health Services and the American College of Surgeons.

South Texas Health System Edinburg is an accredited Chest Pain Center, a certified Primary Stroke Center and a Level IV Trauma Center.

Six of our seven freestanding emergency departments are certified in Chest Pain Management and designated Acute Stroke Ready Hospitals by The Joint Commission.

Cardiac Care

South Texas Health System Heart received Chest Pain Center with PCI Accreditation from the American College of Cardiology.

Healthgrades®, a U.S. company that evaluates healthcare quality, has named South Texas Health System Heart:

4 Years in a Row Recipient of the Healthgrades Coronary Intervention Excellence Award™

7 Years in a Row Five Star Recipient for Coronary Bypass Surgery

5 Years in a Row Five Star Recipient for Treatment of Heart Failure

These are just a few of our many Awards & Accreditations. Learn more at southtexashealthsystem.com/awards

Specialty Services

Outpatient Rehabilitation

Patients recovering from an injury or illness can receive individualized care at the South Texas Health System McAllen Outpatient Rehabilitation Center or the South Texas Health System Edinburg Outpatient Rehabilitation Center.

South Texas Health System Heart Intensive Cardiac Rehabilitation Program

South Texas Health System Heart has collaborated with Pritikin Intensive Cardiac Rehab to launch the South Texas Health System Intensive Cardiac Rehabilitation Program to provide the support and education patients need as they commit to a new, healthier lifestyle.

South Texas Health System Wound Healing Center

With a specialized team and advanced treatment options including hyperbaric therapy (HBOT), the Wound Healing Center at South Texas Health System Edinburg enables patients suffering from slow or non-healing wounds to receive the important care they need.

South Texas Health System Bariatric Weight Loss Surgery Center

The South Texas Health System Bariatric Weight Loss Surgery Center offers hope and support for a healthier lifestyle, with a dedicated team helping patients achieve and maintain their weight-loss goals.

South Texas Health System Sleep Center

The South Texas Health System Sleep Center offers comprehensive sleep study sessions for both adults and children to help diagnose and treat a wide range of sleep disorders.

Veterans' Program

South Texas Health System has a rich history as a VA-contracted facility in Hidalgo County, proudly providing behavioral health, emergency, inpatient and outpatient services to veterans since 2009. We consider it a privilege to offer healthcare services to our military veterans and their family members close to home.

Boosting the Local Economy

In addition to its significant impact on the health of the community, South Texas Health System provides a boost to the local economy through a wide range of job opportunities.

In 2024, the system continued to meet the needs of the community:
